

Annual Report Communications Committee 2015-2016:

It was not a very active year for the committee. While we did send out notices for the blood drive, health fair, the JagJournal was discontinued. We did make a connection with IU Communications who agreed to publish stories on the recipients of the professional grants. I did feel that our Committee was underutilized. This Committee could be more active and perhaps more helpful in assisting with sending out the emails that go to the constituents or perhaps even maintaining the constituent listing. I enjoyed being a member of the staff council and truly believe in their mission.

I have listed our accomplishments and my avenues of communications below:

Action Item(s)	Status
SDC Professional Grant Flyer and publish to communication links.	Done
Goals & Expectations of the Committee- email meetings	Done
JagJournal	Done - Discontinued
Staff Council Blood Drives flyers and publish to communication links.	Done
